Townsend Awarded Judgment—A judgment for \$100 was entered in the district court yesterday in favor of E. W. Townsend in an action brought against Mrs. Martha Moran and others. Townsend purchased an option on certain real estate owned by the defendants. The sale was never effected and the defendants refused to return the amount paid for the option.

Bartender Arrested—Albert Taylor, a bartender at the Idlewild resort in Ogden canyon, was arrested on a warrant sworn to by Milton Holmes, a deputy sheriff, yesterday afternoon. The warrant was served by Deputy Sheriff John Hutchen. Taylor is charged with selling liquor to minors several weeks ago.

Business Changes—J. S. Lewis returned yesterday from his trip through Colorado. He stated this morning that he would start work on the remodeling of the Lewis block the morning of July 5, and that the work would be pushed rapidly until it was completed. S. H. Browne, who has occupied the store in the Lewis block, has temporarily opened his new place of business in the Orpheum block and will continue to occupy it until the present place of business of the Lewis Jewelry Co. has moved to where the Toggery has been for many years and then he will move the Toggery to the present jewelry quarters.

Excluding Certain Youngsters—H. A. Sims left this morning for a business trip to Salt Lake. Mr. Sims states that he had made a new order, which went into effect a few days ago, with reference to small children who are continually hanging around the picture houses until late at night. He said that he has issued orders to all of his ticket sellers and ticket takers that they are to admit no children of the class that seem to have no place else to go. In this way he expects to eliminate the class of young boys who are continually causing trouble.

Chicago Americans, the home club had St. Louis as the opposing team, and the especially invited guests included Mayor Busse and city council, more than 2,000 regulars encamped here for the Fourth of July maneuvers, and a number of prominent baseball men, including August Hermann of Cincinnati, John Brush of New York, Charles W. Murphy of the Chicago Nationals, army Dreyfus of Pittsburgh, Stanley Robinson of St. Louis and Adrian C. Anson, manager of the original White Sox.

The Chicago battery was announced as Walsh and Sullivan, it being Sullivan's first appearance this season, as he had been forced to remain inactive because of a foot injured by a rusty nail at Los Angeles during the train-in grip.

The French Journal of International Law, and a distinguished attorney. He had been in this country for three weeks and told of his observations before leaving yesterday.

"American judges impress me as having less dignity than those of Europe. They fail to intervene often when extemporaneous testimony is being given."

"New York has too many lawyers. The legal profession has a higher standing abroad than here."

"Aside from the law, I think America lacks culture. In France even our tradesmen are often persons of culture. Here in America your business men, as a rule, simply are business men. Americans must not disdain to reach the summits of culture as well as the peaks of material success."

SMELTER CLOSED BY GOVERNMENT

Delmar, Cal., July 1.—In obedience to orders from the United States government, the A. Bully Hill smelter, located here, yesterday shut down and 400 men were thrown out of employment. The cause is damage to forest trees by the smelter smoke. The smelter will remain closed until a smoke-consuming device is installed which meets the approval of the government.

AMERICAN PEOPLE LACK CULTURE

New York, July 1.—That American courts lack dignity and that the American people lack culture is the opinion of M. Eduard Clunet, editor of

BUSINESS WILL HALT UNTIL JULY 5

Chicago, July 1.—Business will be suspended from tonight until Tuesday in all the leading markets of the country. The stock exchange and Consolidated exchange decided to observe July 2 as well as July 4 as a holiday. The New York Cotton exchange took the same action several weeks ago. The Chicago Board of Trade will be closed both days, and following its example the New York produce exchange also will observe both Saturday and Monday as holidays. Banks and the government offices will be open as usual tomorrow, however.

THIRD ARBITRATOR TO LABOR DISPUTE NAMED.

Washington, July 1.—Judge William L. Chandler of this city, was named

today as the third arbitrator in the pending controversy between the Missouri Pacific Railway company and its telegraphers. The controversy involves a dispute as to wages and hours of labor. The designation of Judge Chandler was made by Chairman Martin A. Knapp of the Interstate Commerce commission and Dr. Neil, commissioner of labor, as mediators under the Erdman act.

The arbitrators appointed by the parties to the controversy are A. W. Sullivan, general manager of the Missouri Pacific railroad on behalf of the company and Frank J. Ryan of the board of railroad commissioners of Kansas on behalf of the order of Railway Telegraphers. The first meeting of the board will be held in the federal building in St. Louis on July 16.

AEROPLANE NOT A WAR MACHINE

Hammondsport, N. J., July 1.—That the aeroplane in its present state of development is far from being a satisfactory agent in war, is the opinion of Curtiss, since the bomb throwing at Lake Keuka. The tests thus far, he says, have demonstrated two important points:

Rear Admiral Kimball's comment on the tests is as follows: "These are the aeroplane's present defects for war purposes: Lack of ability to operate in average weather at sea; notice of approach by noise made by motor and propeller; impossibility of control of heights and speed, so as to judge approximately the distance; the chance of reaching effective ranges."

We have noticed that when a quack advertises he always uses the word "expert."

ASSISTANT GENERAL MANAGER

Several important changes in the organization of the operating department of the Union Pacific were announced yesterday by Vice-President Mohler, whereby Charles Ware, general superintendent; G. E. Fuller, general superintendent of motive power and machinery; C. L. Huntly, chief engineer; W. D. Lincoln and T. M. Orr, assistant to the general manager, are given the uniform titles of assistant general manager.

NEW WORK IN THIS CITY

The curbing and guttering, and the sidewalk work in Moffitt's Lane are progressing rapidly. When the work is completed the Lane will be among the prettiest thoroughfares in the city. The highway extends north and south between Twenty-second and Twenty-third streets. The grading of the street will be completed within the next ten days.

A large force of men is at work today making the planned improvements in Canal alley, leading from Twenty-fourth to Twenty-fifth streets, between Washington and Adams avenues, which consists of paving the alley, curbing and guttering it and placing a sewer system. The sewer is being placed three feet deeper than at first planned. When this alley is completed it will furnish a convenient passageway between the two main thoroughfares of the city and make it possible for the Washington avenue merchants, on the east side, between Twenty-fourth and Twenty-fifth streets, to handle their goods to better advantage.

The construction of a large business block on Twenty-fourth street, immediately west of the Federal building, is being planned and it is contemplated that building may begin before the end of the season. When constructed, the building will be free from three to five stories high and will be used for merchandising, office quarters and rooming apartments.

The flooring is being placed in the new office quarters of the Rio Grande in the Reed Hotel block and the paper hangers are busy engaged finishing their work. The company anticipates occupying the up-town quarters by the middle of July.

We have been advised to quit smoking gradually. We tried that six years ago, and we are still quitting gradually.

SUCCESSOR TO LOMAX ON U. P.

Gerrit Ford has accepted the position of passenger traffic manager of the Union Pacific Railway company, with headquarters in Omaha. For more than a year he has been general passenger agent of the New York Central railroad, with headquarters in New York. He will succeed E. L. Lomax, who resigned as general passenger agent of the Union Pacific to become passenger traffic manager of the Western Pacific.

The position of passenger traffic manager is a new one for the Union Pacific. Mr. Ford left the position of assistant general passenger agent of the Union Pacific three years ago to go with the New York Central.

IMPROVING LOCAL CAR LINES

The Ogden Rapid Transit company is making rapid headway in the construction of its new siding on Twenty-fifth street, between Madison and Monroe avenues. The connection at the upper end of the siding will be completed this afternoon and as soon as proper ballasting and grading can be done, the company will be prepared to inaugurate the 12-12 minute schedule. It is understood that similar improvements will be made on the Twenty-second street line and that the same service will be given there.

On account of the scarcity of ties, the work on the interurban road to Brigham City has been retarded, but the construction work from now on will proceed rapidly, and it is thought that by the first or middle of August trains will be operated between Ogden and the Box Elder county metropolis.

The Bamberger road is putting in a larger switch on Lincoln avenue, between Twenty-fifth and Twenty-sixth streets.

Washington, July 1.—The comptroller of the treasury today issued a call for the condition of national banks at the close of business June 30.

The comptroller of the currency also requested the superintendents of banks in the various states to make a call for reports for the same date from banks subject to their supervision.

This call for June 30 supplements and continues the efforts made in April of last year to obtain on some date annually uniform statistics from all banks of the country.

PRIZE FIGHT RETURNS

The Jeffries-Johnson fight returns will be given at the Fair Grounds Monday at 1:30 o'clock by the Ogden Baseball club. After the returns are received at the Fair grounds they will be announced through a large megaphone, so everybody present can hear every word of the great contest just as it takes place at Reno, Nevada. It is predicted that the battle will be long, and may last 45 rounds, if so the people had better call at Hemmaway & Moser's cigar store, Eccles building and get grand stand reserved seat, for sale there until 12 o'clock noon Monday.

LOCAL MEN FORM LIVE-STOCK COMPANY

The L. Skeen Land and Livestock company has filed articles of incorporation with the county clerk, with a capital stock of 100,000 shares at \$1 each. It is the intention of the company to engage in a general live-stock business and to buy and sell water rights. Of the capital stock, \$4,000 shares have been fully paid up by the assignment of certain water deeds to stock in the American Falls Canal and Power company of Boise, Idaho.

The affairs of the company will be handled by the following board of directors: Lyman Skeen, J. D. Skeen, W. R. Skeen, Mary A. Rawson and David A. Skeen.

The Whole Family Magazine COSMOPOLITAN

The Cosmopolitan Magazine is the One Magazine in this country whose aim is to reach and interest every member of the family---men, women and the children

MEN

Every man will find in every issue of the Cosmopolitan both fact and fiction that will hold his attention from the first word to the last.

Every man is interested in what is happening now—he is interested in what Charles Edward Russel has to say in the series of articles under the general title of "What Are You Going to Do About It?" which explains the legislative rottenness in the various states in this country.

He is interested in what Diaz, the dictator-president of Mexico, has to say in his autobiography, and also in Lieutenant-General Miles' autobiography—both of which will shortly begin in the Cosmopolitan Magazine.

In fiction he will find such men writing for it as Alfred Henry Lewis, Jacques Futrelle, Bruno Lessing, Jack London, Porter Emerson Brown, George Randolph Chester, O. Henry, Sir Gilbert Parker, Agnes and Edgerton Castle, and a score of others.

Children

Not only is the Cosmopolitan Magazine for grown-ups but it also has something in every issue to please the youngsters.

Kemble, the famous comic artist, and cartoonist draws and writes the funniest picture-stories that youngsters have ever seen.

Kemble became famous doing this sort of thing, and every child in the country knows Kemble's pictures. If for no other reason you ought to get Cosmopolitan for the youngsters of the family.

Women

Every woman is interested in Woman's Suffrage—either for it or against it. In order that the women of this country may know what is going on regarding Woman's Suffrage abroad, Cosmopolitan sent Winifred Black to Great Britain to study the Woman's Suffrage move there.

Harold Bolce is writing a series of articles in the Cosmopolitan telling how the Women's Colleges of this country are teaching young girls a new religion which is most sensational in its character.

Dr. Woods Hutchinson, the famous popular writer on medical subjects is writing a series of articles on babies and their care for the Cosmopolitan Magazine.

All these and scores of other things interesting to women are in this great magazine.
